Yes, we should do that! Would love to catch up with you!

I know what you are talking about. I am sure I updated this, but I do not have access to the Superfund share drive anymore so I can't go look for it. But here is the one I had saved from Melanie on my OneDrive. I also attached the to do list/basic info Melanie gave me. I tried not to save much on my personal drive, so I am sure that I saved the updated version of the table on the first doc somewhere that I do not have access to anymore. Or maybe also on the South Bay Sites SharePoint??

Let me know if I can be of further help! ☺

Subject: site management plan?

Hi Angela:

I hope you are doing well! We should get a happy hour set up one of these days!

I recall that you had a great one page spreadsheet of all the south bay sites, I believe it was something that Matt started and passed to you. do you recall it? if so, any chance you still have a copy? I can't seem to find it, and I think it would be super helpful with some issues we are having right now.

Thanks!

Regards,

Kelly Manheimer
